Posa, un sistema versatile di sedute e tavoli che si montano alle pareti come piastrelle. Concepito con una logica modulare, Posa offre infinite possibilità per l'articolazione degli spazi. Le sue forme minimaliste e geometriche evocano l'essenza scultorea dell'architettura brutalista, con gli elementi di seduta che creano un contrasto sorprendente, apparendo come episodi circolari simili a troni all'interno di disposizioni lineari. Posa è ideale per spazi privati e luoghi pubblici, inclusi bar, ristoranti e hotel, invitando gli architetti a esplorare nuove dimensioni nel design d'interni.

Posa is a versatile seating and table system that mounts to walls like tiles. Conceived with a modular logic, Posa offers endless possibilities for spatial articulation. Its minimalist and geometric forms evoke the sculptural essence of Brutalist architecture, with the seating elements creating a striking contrast, appearing as circular, throne-like episodes within linear arrangements. Posa is ideal for private spaces and public venues, including bars, restaurants, and hotels, inviting architects to explore new dimensions in interior design.
